—Kansas farmers are complaining that the corn crop will be so immense that it will not pay to gather. Now Kansas is a mighty big state wonderfully successful and progressive, but it is not all of the United States. As big as the corn crop may be in Kansas there are other sections of the country that will be short of corn, so every ear had better be cribbed, for in time the Kansas farmer will get his price for it.

—An Erie, Pa. paper in speaking of Mr. Titus' shadowgraphs says: "The wonderful shadowgraphs, or living shadows, in which the burning and sinking of the steam brig 'Saramento' by the Malay Pirate Junks, and the speedy vengeance on the pirate craft by the American clipper ship 'North Light,' with firing of guns and falling rigging; also tight rope dancing and many other amusing things delineated on canvases, alone was worth the price of admission."

—Field & Titus' "Jolly Rovers" are billed to appear at this place in Duffie's Hall on Friday evening, Sept. 28. All should make arrangements to attend this entertainment and we are certain you will be well repaid. Mr. Field was here last May with the Arlen Swiss Bell Ringers and gave an entertainment to a very large audience who went away well satisfied with the program. The "Jolly Rovers" entertainment is varied with mirth and music, and each selection brings forth a hearty applause from the audience.

—It is refreshing to see men who have the courage to apply good, sound common sense, as well as philosophy, to the subject of the suppression of malice. The morals of men, as well as their behavior, are reformed by appeals to the reason and conscience, but not by coercion. Coercive reform is not in accordance with reason or philanthropy, and is antagonistic to human nature. If opposed parties should devise appeals to the reason, instead of using the firebrand, many difficulties could be settled and much dissension ended.

—Like "Mr. Riley, that kept the hotel," Rev. S. G. Bettis, the revivalist, is also "doing right well." He has been preaching in the Brockway people and has made 22 converts and shot a big black bear. All this serves but to stiffen his nerves preparatory to starting on his proposed catamaran voyage around the world. County fair managers can get Bettis and his boat, bear skin and evangelizing process for exhibition, by addressing him at Brockway Centre, Mich. He will "draw" like a mustard plaster. —Detroit Evening News.

RESCUED FROM DEATH.

William J. Coughlin, of Somerville, Mass., says: In the fall of 1877, I was taken with bleeding of lungs followed by a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of Dr. Williams' Hall's Balsam for the Lungs. I got a bottle, which to my surprise, I commenced to feel better, and to-day I feel better than for three years past.

Another Physician's Testimony.

BOSTON, MASS., May 9, 1881.

I know parties who have tried all kinds of medicines for Lung Diseases, who say that Dr. Wm. Hall's Balsam for the Lungs, is a complete success.

DR. CHAS. H. WOOD.

Prohibition in Kansas.

Kansas it will be remembered, adopted a constitutional prohibitory amendment on the liquor question, and passed a law to enforce this temperance principle. Those of our people who wish to have an intelligent idea of this struggle in Kansas, can secure very full information upon the subject by sending for the Weekly Capital, of Topeka Kansas. The Capital is eight pages in size, carefully edited, the Official State Paper, and a stalwart advocate of prohibition, giving much information upon the temperance issue in that State. It is sent postage paid, to any address, one year, for one dollar. Sample copy free to all applicants. Send money by registered letter or post-office order, to J. K. HURSON, Editor and Prop'r., Topeka Kansas.
